

PSW110

PSW111

PSW125

## The Evolution Of High Performance Bass

These three new Powered Subwoofers deliver powerful, accurate and musical bass at shockingly low prices. Built for power and value, the new models represent a continuing refinement of the highly regarded PSW Series and a great introduction to visceral home theater bass performance.

- **Three Conveniently Sized Models** provide big performance in refined style enclosures.
- **PSW111 Compact Design** is the perfect complement to Polk RM Series and SurroundBar® models.
- **Dynamic Balance® Composite Woofer Drivers**—8" (PSW111), 10" (PSW110) & 12" (PSW125) create "tight," musical bass.
- **Downward Firing Ports** couple to the room for more bass impact.
- **More Powerful Motor Structure** for a higher BL product, (the measure of the motive force applied to the cone) results in louder, deeper and punchier bass than previous Polk woofers in this price category.
- **Klippel Optimized Woofer**—By using a state-of-the-art Klippel Distortion Analyzer, Polk engineers were able to optimize the woofer's motor structure, voice coil alignment and suspension for the best possible performance even at extreme listening levels.
- **Compression Circuitry** limits distortion at earth-shaking volume levels.
- **Built-In High Current Amplifiers** supply all the good, clean power you need for big bass. The PSW111 features an efficient, digital hybrid BASH Amp, while the PSW110 and PSW125 feature Class A/B amps.
- **Line And Speaker Level Inputs** on the PSW110 ensure easy hook-up compatibility with virtually any system; PSW125 features Unfiltered LFE Input for use with low-pass filtered subwoofer output jacks.
- **Amplifier Features**—Adjustable Low-Pass Crossover, Phase Switch and Subwoofer Volume Control to more easily control your bass output and the sub's blending characteristics with your front stage speakers.
- **Signal-Sensing "Smart Amp" Auto ON/OFF Circuitry** "knows" when to turn itself on and off.
- **Non-Resonant MDF Construction** with internal bracing for deep bass impact with superior detail, accuracy and musicality.
- **PSW110 And PSW125 Subwoofers Available In Either Black Or Cherry Finishes**, while the PSW111 comes in black only.

### Specifications

Model	PSW110	PSW125
Driver Complement	(1) 10" (25.4cm)	(1) 12" (30.5mm)
Overall Freq. Response	32Hz - 250Hz	30Hz - 225Hz
Power Output Continuous	100W	150W
Power Output Dynamic	200W	300W
Crossover Frequency	60Hz-160Hz	60Hz-110Hz
Magnetic Shielding	No	No
Available Finish	Black and Cherry	Black and Cherry
Dimensions (H"x W"x D")	14 1/2" x 14 1/4" x 17"	16 1/2" x 16 1/4" x 19 1/8"
(Hcm x Wcm x Dcm)	36.83cm x 36.19cm x 43.18cm	41.91cm x 41.28cm x 48.57cm
Product Weight Pounds each	33.5 lbs. (15.2 kg)	40.1 lbs. (18.2kg)
MSRP US\$	\$299.95	\$399.95

Model	PSW111
Driver Complement	(1) 8" (20.32cm)
Overall Freq. Response	36Hz - 250Hz
Power Output Continuous	150W
Power Output Dynamic	300W
Crossover Frequency	80Hz-200Hz
Magnetic Shielding	No
Available Finish	Black
Dimensions (H"x W"x D")	12 1/8"H x 11" W x 13"D
(Hcm x Wcm x Dcm)	30.79cm H x 27.94 cm W x 33.02cm D
Product Weight each	20.5 lbs. (9.2kg)
MSRP US\$	\$349.95
