Carrying case | x1pc | <p style="text-align: center;">English Bluetooth Earphone User Guide</p> <p>Wearing instructions</p>  <ol style="list-style-type: none"> Please first install a set of ear tips and ear hooks of suitable size. Put the earphone into the ear canal. Adjust the earphone until you feel most comfortable. <p>How to Use</p> <p>A. Powering On/Off</p> <ol style="list-style-type: none"> Power On: Hold the ● button for 3 seconds, the indicator flashes blue 3 times; the FB1 powers on after the notification tone. Power Off: Hold the ● button for 3 seconds, the indicator lights red for 2 seconds; the FB1 powers off after the notification tone. Reset: Hold the ▲ button for 3 seconds when charging; the indicator flashes red and blue simultaneously and the notification tone rings. | <p style="text-align: center;">English Bluetooth Earphone User Guide</p> <p>Note: If it's not connected to any device for 10 minutes after powering on or disconnect from the device, the FB1 will power off automatically to save power.</p> <p>B. Pairing</p> <p>1. Pairing with Bluetooth smart phone Before used with the Bluetooth smart phone, the FB1 should be paired with the smart phone with following steps: 1) While the FB1 is powered off, hold the ● button for 5 seconds until the indicator flashes blue and red alternately; the FB1 enters the pairing mode. 2) Turn on the Bluetooth function on the smart phone and search for Bluetooth devices. Choose "FiiO FB1" to pair with it.</p> <p>2. Pairing with two Bluetooth devices simultaneously (One-to-two mode) 1) Pair the FB1 with Device 1 2) Restart the FB1 and enter pairing mode to pair with Device 2 3) Choose "FiiO FB1" to connect on Device 1. Once done, the FB1 would be connected to the both devices simultaneously already.</p> | <p style="text-align: center;">English Bluetooth Earphone User Guide</p> <p>Note:</p> <p>a) How to turn off one-to-two mode: When it's in sleep mode and not connecting to any device, hold ● and ▼ simultaneously for about 4 seconds until the notification tone is heard. b) How to turn on one-to-two mode: When it's in sleep mode and not connecting to any device, hold ● and ▲ simultaneously for about 4 seconds until the notification tone is heard.</p> <p>C. Making Phone Calls</p> <p>1. Basic Operation Cancel the dialing: Press ● button briefly once Answer a call: Press ● button briefly once Decline a call: Hold ● button for 2 seconds End a call: Press ● button briefly once Volume up: Press ▲ button briefly Volume down: Press ▼ button briefly Switch the call to the Phone: Hold ● button for 2 seconds Mute the microphone: Hold ▲ button for 2 seconds Unmute the microphone: Hold ▲ button for 2 seconds Last number redial: Double press ● button</p> | <p style="text-align: center;">English Bluetooth Earphone User Guide</p> <p>2. Three-way calling End the first call and answer the new one: Press ● button briefly once Put the first call on hold and answer the new one: Double press ● button Switch between calls: Double press ● button End the second call and switch to the call on hold: Press ● button briefly once</p> <p>3. Answer phone calls when connected to two phones End the call on the first phone and answer the new call on the second phone: Press ● button briefly once Put the call on the first phone on hold and answer the new call on the second phone: Double press ● button Switch between calls from different phones: Double press ● button End the current call and switch to the call on hold: Press ● button briefly once</p> | <p style="text-align: center;">English Bluetooth Earphone User Guide</p> <p>Indicator</p> <p>Pairing mode: Flash blue and red alternately Not connecting to any device: Flash blue twice every 2 seconds Connected successfully: Flash blue once every 2.5 seconds Low battery: Flash red Charging: Red light stays steadily on</p> <p>To learn more about the product, please visit our website: www.fiiio.net.</p> |
