

## 1U Rack Tray

EXT-RACK-1U  
EXT-RACK-1U-GRY

**Congratulations on your purchase of the Gefen 1U Rack Tray. Your complete satisfaction is very important to us.**

This product has been designed for rack mounting of specific half-rack wide Gefen products. It helps keep your installation secure and organized. This tray takes up just 1 Rack Unit (1U) height (1.75"), but can also accommodate lower profile as well as taller enclosures (as long as there is clearance above the tray). For a list of compatible Gefen products, please see the EXT-RACK-1U page at [www.gefen.com](http://www.gefen.com).

## Start Here

## Installation

### Remove Rubber Feet

# 1

Make sure you have everything that came with your product:

- (1) 1U Rack Tray (EXT-RACK-1U or EXT-RACK-1U-GRY)
- (1) Quick-Start Guide (QSG-EXT-RACK-1U)

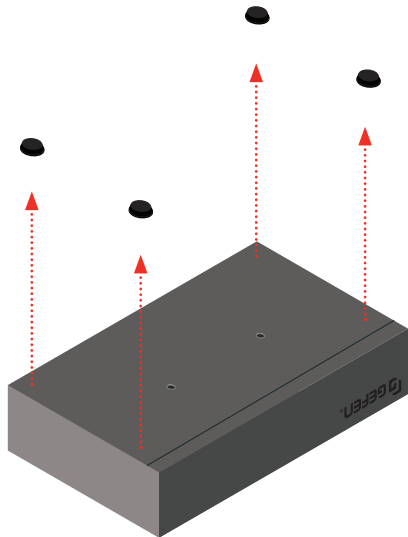

In case of difficulties, or if you have any questions, please get in touch with the Gefen Technical Support. Refer to the last page of this Quick Start Guide for contact information.

#### IMPORTANT NOTES

1. Product-to-rack mounting screws are **NOT** provided with this rack tray. These screws may or may not be included with your product, depending on the model. To find out, please check the contents list in your product's user manual or QSG. If these screws did not come with your Gefen product, you will need to purchase them separately. Please use 6-32 flat head machine screws, approximately 3/16" or 5mm long. The use of longer screws could damage your product. Such damage will not be covered under warranty.
2. This rack tray is available in two finishes to complement a variety of Gefen enclosures: Bronza (EXT-RACK-1U) and Metallic Gray (EXT-RACK-1U-GRY).
3. For a list For a list of compatible products, please see the EXT-RACK-1U web page at [www.gefen.com](http://www.gefen.com)

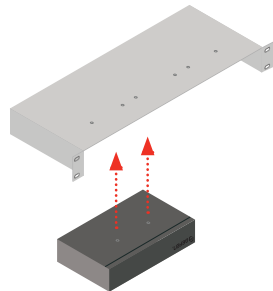

1. Turn the unit upside down and remove the rubber feet if attached.

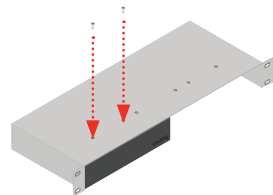

## Secure product to the Rack Tray

# 2

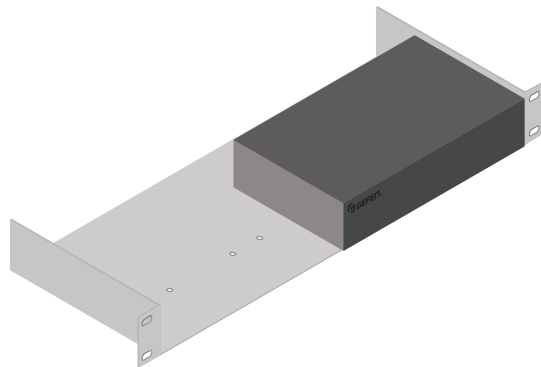

2. Line up the holes on the unit and the rack tray.

3. Install 2 **flat head, 6-32 thread, 5mm or 3/16" long machine screws** that are either provided with the product or need to be purchased separately (depending on product model).

4. Ensure that unit has been installed securely in the rack tray.
