## H+ Sound effect

For a Thrilling Gaming Experience

# GM3 PLUS

TRUE WIRELESS GAMING EARBUDS

## 45ms Ultra Low Latency

LLAT™ low-latency acceleration will be enabled between earbuds and smart devices when the game mode is on. Switch between games, music, and videos effortlessly.

# GM3 PLUS

TRUE WIRELESS GAMING EARBUDS

## Bipolar Antenna

The selected bipolar ceramic transmission antenna has an improved radio frequency and anti-interference performance, with a farther and more stable transmission distance of signals.

# GM3 PLUS

TRUE WIRELESS GAMING EARBUDS

## Game/Music Dual Mode

Switch between modes by tapping on the earbuds.

# GM3 PLUS

TRUE WIRELESS GAMING EARBUDS

## 5.5+19 Hours Battery Life

The battery life of a single charge is about 5.5 hours, while the charging case will give you an additional 24.5 hours.

# GM3 PLUS

TRUE WIRELESS GAMING EARBUDS

## Microphone Call Noise Cancellation

The earbuds have two sensitive microphones that distinguish between voice calls and ambient noise. Express your emotions passionately.

# GM3 PLUS

TRUE WIRELESS GAMING EARBUDS

## Half-In-Ear and Short-Stem Design

With the repeatedly polished ergonomic half-in-ear design and the nibble stem design, the single earbud weighs only 3.5g. They are comfortable enough for all-day use.

# GM3 PLUS

TRUE WIRELESS GAMING EARBUDS

## Sports Car Inspired Design

The GM3 Gaming Earbuds design was inspired by sports car taillights and have a hidden RGB light strip, power indicator, and breathing lamp. The charging case is 20% smaller than that of the previous generation.

# GM3 PLUS

TRUE WIRELESS GAMING EARBUDS

## Stylish Design

The earbuds are available in six color options:  
White, Blue, Pink, Purple,  
Black, and Red.
